Completion of Sale of North Kirkalocka Gold Project

- **Sale Purchase Agreement completed for the sale of Revolutions North Kirkalocka Gold Project**
- **Revolution Mining has been issued a \$25,000 cash payment for the transfer of tenement E59/2348**

Revolution Mining Pty Limited (“Revolution” or “the Company”) is pleased to announce it has completed the sale process of its North Kirkalocka Gold Project to an ASX Listed Company by way the sale of E59/2348 that comprises the North Kirkalocka Gold Project (“Project”).

Given the small tenure holding, lack of available adjacent ground and isolated nature of the project from Revolution’s portfolio, the Directors of the Company view the deal as a strategic and logical release of a non-core tenement to seek better use of exploration funding.

About Revolution Mining Pty Ltd

Revolution Mining is a Perth-based private exploration company focused on early-stage exploration of a growing portfolio of regional mineral interests in Western Australia and Queensland and New South Wales.

Our aim is to create value through strategic project generation and exploration from discovery stage to value creation for our stakeholders. Revolution’s management team uses experienced exploration industry personnel to identify properties that are highly prospective for mineralization in favorable jurisdictions, close to exiting infrastructure and development opportunities.
